# DJ's *A Journey of Faith*

Originally slated to open in June 2008, the development of DJ's Taste of the 50's transpired into more than just a business venture for us; it became a journey of faith.

From design changes and code compliance to inclement weather and excavation surprises, delays came to be expected. At one point the excavator started to dig only to find the ground moving about six feet away from where the backhoe first placed its bucket. After chipping away at rock for what seemed like forever, a 4-ton boulder was lifted out of the drive.

This boulder now makes its home nestled under a few trees behind the restaurant and serves as a physical reminder of the many unexpected delays to the opening of DJ's. Each hindrance strengthened our daily faith and dependence on God. Today the rock stands as a PRAYER PERCH for anyone who needs to step back from the daily grind, spend a few moments in prayer and be reminded of how great a God we serve.

In acknowledgement of God's great faithfulness, 25 cents from each cup of coffee purchased will be donated to venues where Christ is proclaimed as Savior and King.
